APPLICATION GUIDE

How to Apply Candy Killer Cans

STEP 1. - Prepare and prime the surface as you would any normal paint job.

STEP 2. - Apply your choice of basecoat colors or specialty paint (i.e. Killer Chrome, Base Pearls, Stylin Basecoat)

STEP 3. - Apply 2 to 3 wet coats to ensure uniform coverage.

STEP 4. - Let flash off before applying your final clear or taping off graphics.

STEP 5. - Topcoat with any of Alsa's recommended Killer Can clears as you would with any other paint job.
